# Tasks

- **Task:** Schedule the following task set using rate-monotonic:  
T1 {P: 5, E: 2.5, D: 5}, T2 {P: 15, E: 4.5, D: 15}, T3 {P: 20, E: 3.5, D: 20}
- Calculate the Urm.
- Calculate the time-demand analysis.
- Model the task set using Simso.
- **Provide a report with the above points using screenshots and comments on your results and analysis.**
